**ONE SKETCH  
A DAY**

1

A VISUAL JOURNAL

A YEAR  
IN DRAWINGS.

by ALFREDO CARLO

*A yearlong record of sketches—  
because every daily drawing is  
worthy of remembrance.*

#### **WHAT THIS BOOK IS ABOUT**

Two years ago, I challenged myself in creating a short video every day. It started as an opportunity to deepen my knowledge of video making and to explore what creativity means when applied with such an intensity and continuity over time.

Last year I kept the challenge but moved it to a different media: illustration. Once again, I wanted to practice something I don't do enough and do it, again, every day. What came out of it is a journey of my year 2017: places I visited, people I met, travels I did, details I noticed, feelings transferred into drawings.

Thank you to all the Kickstarter backers for your trust and support. I hope you will enjoy the book and let me know if you have any comment to share.

Thank you Isaac and Carolina, for being my models in many of the drawings and supporting me all along this journey.

Thank you Cristina, for encouraging and supporting me every day in everything I do.
